Small business program overview

- > Register here
- > Update your record

One of Amec Foster Wheeler's core business values is to frequently utilize small businesses of all socioeconomic categories. We believe in training and mentoring small businesses for long-term growth and development. The small business program works in conjunction with procurement personnel and project managers to continually seek and expand subcontracting opportunities for small businesses. Through strategic partnerships with small businesses, Amec Foster Wheeler is able to enhance our capabilities, better serve our customers and meet or exceed contractual obligations.

We are proud of our commitments to SB:

- Our [Small Business Program Policy Statement](#) reflects commitment from the highest levels of the organization
- Our active participation in many SB [outreach events](#). Amec Foster Wheeler regularly sponsors, attends and exhibits at local, regional and national SB trade fairs and procurement conferences
- We've won several [national and regional awards](#), including for small business utilization, support, and mentoring
- We give annual awards to a "[Small Business Subcontractor & Advocate of the Year](#)"
