Dear SAME Members and sponsors,  
I cannot even begin to tell you how thrilled your American Cancer Society is to be the recipient of your generosity. Your gift will enable the Society to create more birthdays by helping people stay well, helping people get well, by finding cures and by fighting back against cancer. It is my hope that through our efforts and those of our researchers we will find cures so that organizations like yours do not lose their battles and therefore get to celebrate more birthdays.
